

How the SAFE BFF (Banking Friends Forever) Program Works

Here's what YOU need to do:

1. Fill-out the information on the BFF Referral Card below.
2. Tear off the card, and give it to your friend.
3. Remind them to submit this card when they open their new SAFE checking account (at any SAFE branch or online at www.safefed.org).

Here's what YOUR BFF needs to do:

1. Get the completed BFF Referral Card from you.
2. Open a new SAFE checking account with a \$25 minimum opening balance (at any SAFE branch or online at www.safefed.org).
3. Make 25 or more debit card purchases within 60 days of opening the account.* No sweat, right?

Once all the above activities have been met, SAFE Federal Credit Union will deposit \$50 in both of your accounts. Because that's what BFFs do.
